

PurKlenz[®]
Topical Antiseptic Skin Cleanser
NDC 49436-291-01

**Recommended Protocol for using PurKlenz[®] as a
Lubricant for Body Piercing Needles**

NOTE: Do not use PurKlenz inside the mouth, directly on the tongue, in the eyes, or around the eye lid & eye lash area. PurKlenz is safe to use on lips, eyebrows and genitals. Do not use PurKlenz if the presence of a disease or physical condition including, but not limited to, skin rash, infection or allergic reaction makes it impossible or undesirable to treat a particular client in the usual manner. Do not use PurKlenz for tongue piercings

Ensure that products used in conjunction with PurKlenz, PurTect & PurSan do not contain PCMX (Chloroxylenol), for example Dettol, Green Soap or Provon.

1. Wash hands and don clean gloves
2. Dispense one-half pump of PurKlenz onto your sterile field.

NOTE: 1 full pump dispenses 4cc (0.135 ounces) of liquid.

3. Pick up a new sterile piercing needle.
4. Carefully and gently pull the needle through the PurKlenz on the sterile field.
5. Continue with Studio protocol for the procedure you are performing.

Questions or Comments please contact PurKlenz Formulations or your Distributor.
